

Tuesday May 5th 2026

Dear Parent/Carer

Personal Development Days - Week 5
Monday May 18th - Friday May 22nd 2026

As you may be aware, at Logic Studio School our students participate in **Personal Development Days** at the end of each half term. The aim of these days is twofold: firstly to give our students the opportunity to use and develop the academic knowledge and skills they learn in the classroom in a practical environment; and secondly to undertake new activities and projects that challenge and inspire them to improve their employment skills, aspirations and career planning.

The aim of this letter is to provide a general overview and reminder about these days, with more specific year group and activity information contained overleaf.

During Personal Development Days, we will often have changes to the timetable, including start and finish times and these are indicated where appropriate. For some students in Years 12 and 13, this may mean a slightly longer day than normal due to the nature of the activities.

With exams approaching, you will notice there are a lot less activities for this PD week, as we continue our focus on exams and coursework deadlines.

Some of our activities may require movement offsite and where this is the case, this is also indicated.

If you have any concerns regarding your child's involvement in these activities, please contact us at Logic as soon as possible and speak to myself or your child's Achievement Coordinator.

Yours sincerely,

John Cadogan
Vice Principal
Logic Studio School
