

Wednesday June 17th 2026

Dear Parent / Carer,

**Year 12 End of Year Review Meeting - Friday July 10th 2026**

This year, our Year 12 End of Year Review Day will take place **on Friday July 10th 2026 from 10:00am – 1.30pm at Logic.**

The End of Year Review day is a chance to discuss your child's report, progress and work completion over the course of Year 12. We will also look forward to what happens in Year 13 and Post Logic, by talking about the options your child has ahead of them as they finish school.

This is particularly relevant for students who are identified as a cause for concern and need discussions regarding their courses in Year 13.

- Please complete the Google form that has been sent to your child **using their school account** to identify a time slot you can attend. The link is also [HERE](#)
- Please attend school with your child to meet with a member of the sixth form or senior team at the identified time.
- Career Ready students will be contacted separately regarding their meeting but should still complete the google form.
- If you are unable to make the meeting, please contact one of the 6th Form team at the emails below to discuss why.
  - Ms Katie Norman: [k.norman@logicstudioschool.org](mailto:k.norman@logicstudioschool.org)
  - Mr Will Richardson: [w.richardson@logicstudioschool.org](mailto:w.richardson@logicstudioschool.org)
  - Ms San Sebastian: [m.sansebastian@logicstudioschool.org](mailto:m.sansebastian@logicstudioschool.org)

Appointments will take place in the school cyber cafe and will be 15 minutes in length. Your child's end of year report, which will take account of the recent mock exams and coursework will also be available on this day.

This will be an excellent opportunity to discuss your child's progress, look at how they have performed in their recent exams and how they are progressing in preparation for next year's final exams.

We really value these opportunities to talk with you as we know that working together makes a huge difference in supporting student progress. **If for any reason you are unable to attend, your child is still expected to attend to review their progress.**

If there you have any issues or questions, please ask your child to speak directly to one of the 6th form team identified above.

Yours faithfully

Alex Pett  
Principal
